Bilateral Meetings

- Friday 21st September 10:15 - 12:30
- Friday 21st September 13:00 - 15:00

Description

FN-NANO s.r.o. is a Czech innovation company focused on nanotechnology. It is a subsidiary of Advanced Materials-JTJ s.r.o., which since 2003 has been engaged in the development and production of nanomaterials and their use. We bring to market second generation high-performance photocatalytic coatings - FN® functional coatings with an extraordinarily strong photocatalytic effect and other products using the same phenomenon.
