Bilateral Meetings

- Friday 21st September 13:00 - 15:00

Description

We are an internationally oriented company that has been operating in Europe since 2016. For strategic reasons, we registered this branch in Prague - in the Czech Republic at the commercial register. We specialize in high-tech products that are not only unique in the EU but also meet high standards. The F.H.S. team offers professional support not only in the selection of IT products but also exclusively in the field of sewage technology in collaboration with one of the top manufacturer in the world.

Partnership

We the F.H.S. Future High Solutions Corp. have exclusive distribution rights and the competence to offer professional cleaning non chemical supplies on the market in cooperation with one of the 3 TOP manufacturers in the world, which not only positively affect e.g. the grease/oil trap, but also meet the legal EU requirements WITHOUT additional costs and your customers will save additional costs!! We are looking for partnerships.
